

Board of Directors  
Contractors For Kids  
P.O. Box 252  
Holbrook, NY 11741

Dear Members of the Board;

Thank you, thank you, and thank you!

My six year old son, Jason, was critically injured after being hit by an automobile on May 26<sup>th</sup> 2007. Being a single mother having to take a leave of absence from my job, to stay with my son during his stay in the hospital, I was concerned that we would have no place to live.

But thanks to Contractors For Kids, that worry is gone. I just wanted to drop you a note to express our sincerest thanks for doing for us what you did. We would probably be on the streets with no place to live. Thank you to everyone associated with Contractors For Kids for allowing me to help my son Jason through his long recovery.

In the future, when I am back on my feet, I would like to do something for another child and their family, through your organization, as a way of paying it forward.

Thank you,

Jennifer and Jason Biss.
