The Vision for Contractors For Kids - To eliminate the financial hardship in our communities brought on by the sickness of a child. One family at a time, we need to make sure that the financial hardship brought on by a sick child does not destroy an already hurt family. Whether it is to pay a phone bill or mortgage payment, "we will be there". Whether it be aiding in the paying for medical bills deemed experimental, or due to lack of insurance, "we will be there". Whether it be arranging transportation or paying for a room to allow families to remain close during these tough times, "we will be there". In heart breaking cases, when a child does not survive their illness and a family needs financial help with burying a child, "we will be there". We will do as many of these things to the best of our ability, "we will always be there: and for this we are responsible, for this is our passion, for this is our vision.
